

BECTU rates for Kelvin Hall Studios

BBC Studioworks expects that it will generally only directly hire members who are on the "Core Freelances" list while Freelances on the "Production list" will be hired directly by Production companies. Studioworks is therefore not able to agree rates with BECTU for grades it will usually not hire

Please note that while we have reached agreement with BBC Studioworks on the rates for Core Freelances we do not accept their proposed OT rates which they propose should be 1.5T after 12, 2T after 14

The rates set out below are all for a ten hour day including breaks i.e. 9+1 except where stated otherwise These rates also include 12.1% holiday pay.

The first two hours beyond ten in each day should be charged at 1T

Beyond 12 hours or between 11pm and 7am the O/T rate charged should be 2T

Members should not accept any work which is scheduled in advance to exceed 12 hours and should not agree to work beyond 14 Hours (incl 2 breaks) in any one day for any reason

Core Studioworks Freelances
