WHAT IS THE RIGHT RATE?

Several BECTU branches host regular meetings to produce rate cards for their grades and areas of production. These are either freestanding or collective agreements. Join BECTU and get involved in the discussion about rates, and other industry issues, which take place on branch and divisional levels.

All figures in this rate card are minimum rates, reached after consultation with branch members and non-members in each grade. These are the rates you should get the first time you work a particular grade.

ALL RATES SUBJECT TO REVISION BY BECTU
