

FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2007

- 1 The total general fund income generated for 2007 was £4,794,026, which is 2.52% under the budget forecast. Of this amount membership subscriptions for the year 2007 totalled £4,743,061 as against 2006 membership income of £4,761,390 - a difference of £18,330, which equates to a drop against budget forecast of 3.36%. (Subscription income by division is shown in the graph below.)

- 2 The total general fund expenditure for the year 2007 is £4,519,982 excluding depreciation and the capital expenditure on the new membership database system. This is a 6.85% saving against budget forecast; these savings occurred on general expenditure and not on divisional or membership expenditure.

- 3 The figures used in producing this report are taken from the management accounts as opposed to the annual accounts (which follow). The reason for this is that income and expenditure in the annual accounts incorporates the FRS17 Pension Scheme Contributions and this changes certain figures such as staff pension costs and pension scheme actuarial gain. All the figures used come from the same source and can be agreed back to the annual accounts.

FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2007

STATEMENT OF THE NATIONAL EXECUTIVE COMMITTEE'S RESPONSIBILITIES

Trade Union law requires the National Executive Committee to prepare the Annual Report and the financial statements in accordance with applicable law and relevant United Kingdom Generally Accepted Accounting Practice for each financial year which give a true and fair view of the state of affairs of the union and of the surplus or deficit of the union for that period. In preparing those financial statements the National Executive Committee is required to:

Select suitable accounting policies and then apply them consistently;

Make judgements and estimates that are reasonable and prudent;

Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the union will continue to operate.

The National Executive Committee is also responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the union and to enable them to ensure that the financial statements comply with the Trade Union and Labour Relations (Consolidation) Act 1992. It is also responsible for safeguarding the assets of the union and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities and must also establish and maintain a satisfactory system of control over its accounting records, its cash holdings and all its receipts and remittances.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF THE BROADCASTING ENTERTAINMENT CINEMATOGRAPH AND THEATRE UNION

We have audited the financial statements of the Broadcasting Entertainment Cinematograph and Theatre Union for the year ended 31 December 2007 which comprise the Balance Sheet, the General Fund, Political Fund and Death Benefit Fund Income and Expenditure Accounts, the Cash Flow Statement, the Statement of Total Recognised Gains and Losses and the related notes. These financial statements have been prepared under the historical cost convention as modified by the revaluation of quoted investments and the accounting policies set out therein.

This report is made solely to the union's members, as a body, in accordance with the Trade Union and Labour Relations (Consolidation) Act 1992. Our audit work has been undertaken so that we might state to the union's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the union and the union's members, as a body for our audit work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF THE NATIONAL EXECUTIVE COMMITTEE AND AUDITORS

The National Executive Committee's responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and relevant United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of the National Executive Committee's Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Trade Union and Labour Relations (Consolidation) Act 1992. We also report to you if, in our opinion, the information given in the Financial Report for the year ended 31 December 2007 contained in the Agenda for the 2008 Conference is consistent with the financial statements, if the union has not kept proper accounting records or if we have not received all the information and explanations we require for our audit.

We read the financial report contained in the Agenda for the 2008 Conference and consider the implications for our report if we become aware of any apparent misstatements within it.

BASIS OF AUDIT OPINION

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes an examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the National Executive Committee in the preparation of the financial statements, and of whether the accounting policies are appropriate to the union's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

OPINION

In our opinion the financial statements give a true and fair view, in accordance with relevant United Kingdom Generally Accepted Accounting Practice, of the state of the union's affairs as at 31 December 2007 and of its results for the year then ended and have been properly prepared in accordance with the Trade Union and Labour Relations (Consolidation) Act 1992 and the information given in the financial report contained in the Agenda for the 2008 Conference is consistent with the financial statements.

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2007

1 ACCOUNTING POLICIES

a Basis of Accounts

The accounts have been prepared under the historical cost basis of accounting as modified by the revaluation of quoted investments and in accordance with applicable Accounting Standards.

b Subscriptions

Subscriptions are shown in the accounts on the basis of those amounts collected from members in respect of the year under review.

c Depreciation

No depreciation is provided on freehold property.

Depreciation is provided on furniture and fittings at 20% per annum on cost and on computer equipment at 33% per annum on cost in order to write these assets off over their estimated useful life. Assets which were fully depreciated at 1 January 2007 have been eliminated from these accounts.

d Government grants are amortised over the useful economic life of the assets purchased.

Percentage of the present value of scheme liabilities	7.3%	13.9%

Under FRS17 the operating costs of providing benefits, the service costs, and the interest cost and expected return on assets are included in the income and expenditure account in the period in which they arise. Market fluctuations are set out as recognised gains and losses. The cash flow required to meet any deficit relates to future pension contributions and in the long term this is expected to rise. However the amount of any deficit is subject to considerable variation as it depends on a number of both demographic and financial assumptions.

Provision of the expected benefit is, at least partly, based on the assumption that the liability can be funded in equities. There is an expectation that a higher return on equities, compared with that on less risky investments, eg AA corporate bonds, would make such promises affordable.
