

## NATIONAL DEMONSTRATION AND CARNIVAL PARADE AGAINST RACISM AND FASCISM -CENTRAL LONDON, SATURDAY 21 JUNE 2008

In the wake of the election of the fascist British National Party's Richard Barnbrook to the Greater London Assembly (GLA), and of other new BNP councillors in other parts of the country, we need to show again that anti-fascists are the majority. The Love Music Hate Racism (LMHR) Carnival at the end of April showed the mass multicultural audience opposed to racism and fascism and now is the time for the Carnival to hit the streets. LMHR and Unite Against Fascism have called a national demonstration against fascism and racism which will celebrate the diversity of our society and make it clear that racism and fascist organisations like the BNP will not be tolerated. There will be a march and carnival parade, with floats, marching bands, speakers and banners from every organisation opposed to the BNP's racist hate. We need your help to make this event as big and successful as possible please give generously to the costs of this important demonstration.
