

BECTU SCRIPT REGISTRATION SERVICE

Permission Form for Scripts with more than one author

The BECTU Script Registration Service allows members to register their scripts and similar materials with BECTU. The script is sent to BECTU where it is logged, sealed and returned to the member for safekeeping. In some cases scripts will be works of joint authorship, with one or more co-authors owning copyright. Registering a script through the service has no effect on copyright or its ownership. However, the script can only be registered in one name and it can only be registered by a member, though details of co-authors are listed elsewhere in the register.

By completing this form you are giving permission for the Script to be registered in the name of the person named in Section A below.

Date:

SECTION A: Author named for registration purposes

Name:.....

Membership No.....

SECTION B: Script Information

Title:.....

Number of SRS Form B's (one per co-author).....

SECTION C: Co-author

Name:.....

Address:.....

.....

As a co-author of the Script detailed in Section B above, I give permission for this work to be registered in the name of the person detailed in Section A above.

Signature:.....Date:.....

BECTU INTERNAL USE ONLY

Date Registered:..... Initials of registering official.....
